Aim

Communications between family members and the Service are considered crucial for a child to reach their full development. Therefore, we aim to provide an environment where there is a strong emphasis on family/Service communication to allow consistency and continuity between the home and the Service environment. By encouraging family members to be involved in the service, we aim to provide a service that best meets the needs of our community.

Implementation

Parent Communication

Our Service aims to provide as many outlets as possible for family/service communication. These include:

- Face to face.
- A monthly newsletter which will be emailed out to parents and put on our facebook page. Will also have a copy in the foyer and if parents would like a printed copy they can request one. Also put on our website.
- A notice board displaying upcoming events and notices.
- Regular informal meetings with parents and the opportunity to plan formal meetings if necessary.
- A suggestions box in the foyer where parents can anonymously (or give their names if desired) make suggestions to improve the service.
- Short surveys regarding the service's philosophy and how you feel your child/ren feel about the service.

If necessary, educators have support and access to translation services to provide this information for non-English speaking families.

Parental and Family Involvement

- Families are welcome to visit at any time of the day. (The Approved Provider, Nominated Supervisor and educators will not allow a parent to enter the service premises if they reasonably believe this would contravene a court order.)
- Families are encouraged to make suggestions and offer critique on our program, philosophy, management and food menu.
- Families are encouraged to share aspects of their culture with the educators and children as well as appropriate experiences.
- Families are invited to participate in the service's daily routine by helping out with activities such as craft, the preparation of morning tea, special activities and afternoon tea.
- A family/staff committee will be established to set goals for the service, help write and implement policies and help to meet aims of the NQF Assessment process.
- Minutes of regular staff/parents meetings will be kept aside for either side to make suggestions.

Parent Support

For those families undergoing difficult situations and who seek assistance from service, the service will offer support as appropriate. Our service offers a parent library which provides resources and

contact numbers for various support groups within the local community such as a baby nurse, playgroup and speech therapist.

For families who use English as a second language, translated documents can be provided.

Parent Grievances

Our Grievance Policy outlines the steps we take to address complaints and grievances from educators, staff, families, visitors and volunteers.
